

*Welcome to Pediatric Ophthalmology*

*We would like to connect with you by using the latest technology that our practice has to offer. We offer our Patient Portal which will allow you to access your health information to request an appointment, submit a question to billing department, complete a history questionnaire, request or ask question regarding your care.*

*The Patient Portal will give you and our office a way to connect and communicate.*

*It is quick and simple. You will receive an email from Pediatric Ophthalmology with the link to register following your appointment. (The name, birth date and zip code must match what was given at check in to register online.) Please take moment to register and create that connection.*

*We hope your experience at our office today met your expectation. It is our mission to provide the best possible care to all of our patients.*

*Thank you again for choosing our office to provide your care.*

*Sincerely,*

*Patrick J. Droste, MD*

*Robert J. Peters, OD*

*And the staff of Pediatric Ophthalmology and Ocular Motility*
